BLUE RAYS CRYPTO (BRCT)

The Absence of Prime Broker

As the marketcap of cryptocurrencies exceeds \$300 billion, the entire liquidity structure is still highly segmented across top 10 crypto exchanges. 28% of professionals contribute over 74% of trading volume. The absence of Prime Brokers leads to inefficiency of settlement and exposure to account management risks.

All-Star Founding Team Members

Our leadership have global experience from Credit Suisse, CITIC Group, Huobi, OKEX, MIT. BRCT utilizes intellectual capital and keeps outperforming in all aspects of competition. The gene of pursuing excellence empowers the creation of this killer technology platform.

Mapping A Complex Crypto Landscape

The expert BRCT team are some of the largest altcoin market makers globally. We have provided a breadth of trading services to over 80 clients. By always standing at the forefront of trading, BRCT has identified significant pain points and dynamically taken advantage of the changing market conditions.

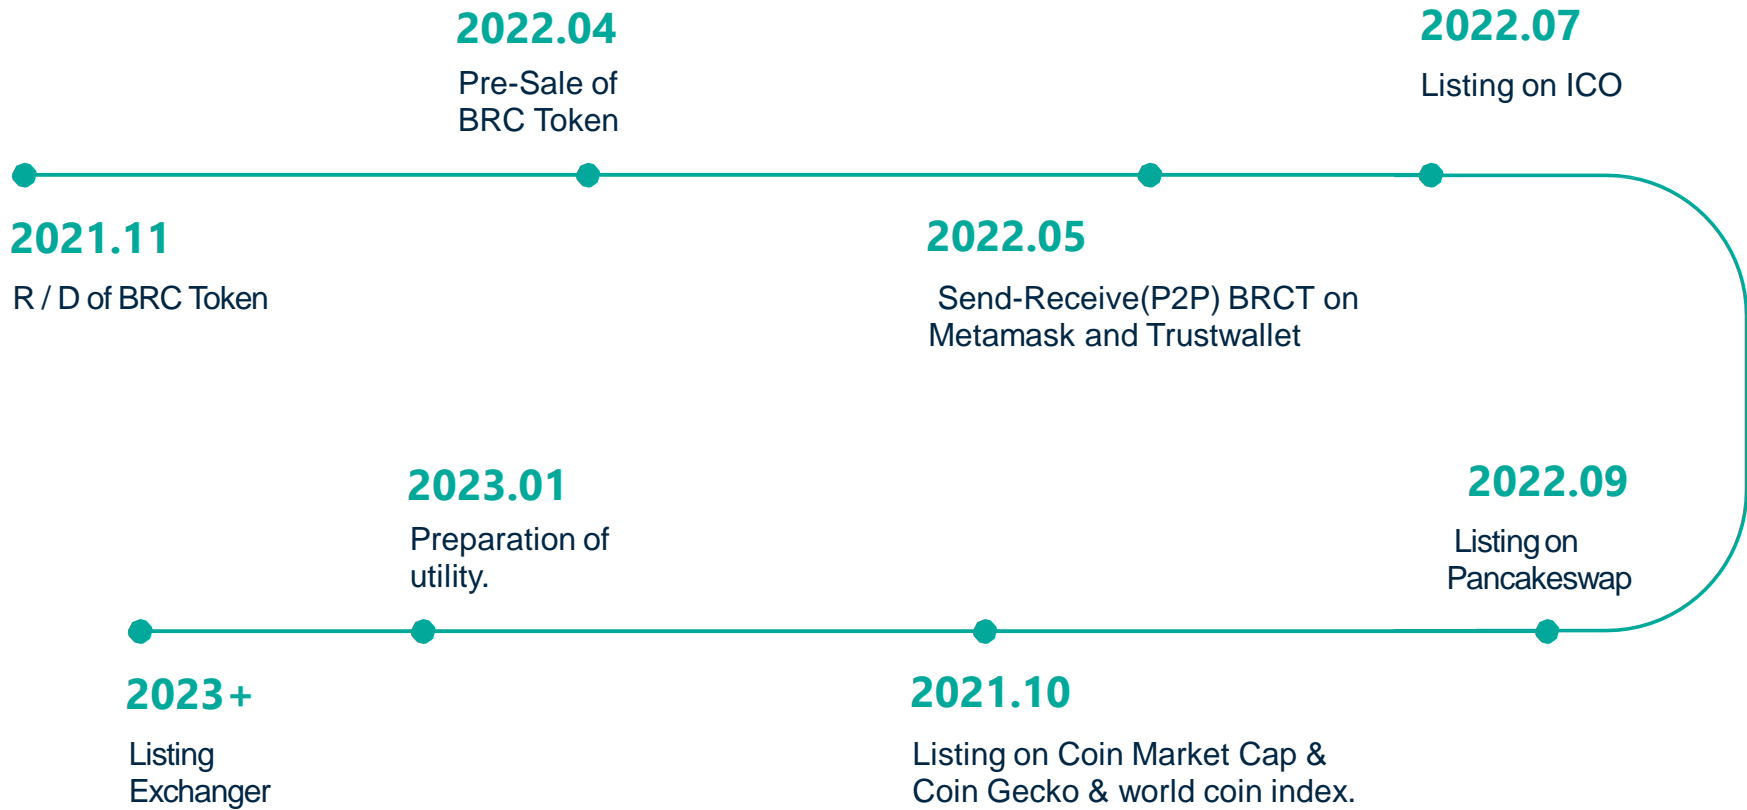

Remarkable User Growth and Operational Data

The Beta Version of BRCT has connected over 30 global leading exchanges and achieved over \$100million max daily trading volume. The enthusiasm of the seed institutional users gives us strong confidence in a promising potential of exponential user growth.

BRCT Investor Positioning Statement

BRCT Investor is a global prime broker specialized in crypto trading and asset management. We provide crypto brokerage services for institutional clients and professional traders with revolutionary products, including spot & margin trading, derivatives, data, custody, lending and staking in one account.
